Edwardsburg Intermediate School

Want to help your kids succeed academically?

Start off their day with a Chartwells School Breakfast.

Research shows that “children who attend school hungry often have diminished attention spans and are unable to perform tasks as well as their nourished peers. In these cases, the full value of the education provided is lost.” On the other hand, school breakfast participation has been shown to improve standardized test scores, make kids more alert in class, and improve classroom behavior. Make sure your kids start the school day with a delicious, nutritious meal – you’ll see the results in their report cards!
