EDWARDSBURG
PUBLIC SCHOOLS

A Note from Our Superintendent of Schools

Welcome to the 2020-2021 school year! As we plan for the start of a new school year, this beginning will be like no other we have seen in the past. Our mission statement, **Edwardsburg Public Schools will maximize all EDDIES' potential to be successful in life**, will continue to be our focus.

Spring of 2020 has challenged staff and students to find a new normal for learning, connected us in new ways, and required our Eddies to learn from

afar. What I have learned through this process is how much I appreciate the expertise our teachers bring to EPS, the ways in which our students continue to work hard to grow, and an overall appreciation for the little things in life - giving a high five, a hug, or being able to laugh out loud with many people around. What I MOST appreciate about EPS is how, even under circumstances we have never experienced, we are still a learning and caring community.

At Edwardsburg Public Schools, we remain committed to providing educational excellence to all of our students. Our district continues to expand instructional offerings for students. Instructional programs offered by the district at the elementary level include Gender Specific, Multi-Age, Looping, All-Day Kindergarten, as well as the Great Start Readiness Program offered through Lewis Cass ISD. At the secondary level, the district provides Dual-Enrollment through Southwestern Michigan College and Indiana University of South Bend, Berrien Math and Science Center at Andrews University, Middle College options with the potential to earn an Associate's degree, Early College Online classes, Advanced Placement classes, and the Elkhart Career Center. Students have access to dedicated and highly qualified, instructional staff; all of which makes Edwardsburg Public Schools the district of choice in Southwestern Michigan.

Edwardsburg Public Schools has earned International Accreditation through the AdvancED Accreditation Commission and School Improvement. All of our buildings have received Blue Ribbon recognition by the Michigan Department of Education and Edwardsburg High School is a six-year Bronze Award recipient for Best High Schools by US News and World Report.

Edwardsburg Public Schools is fortunate to have a strong base of support from the community, parents, businesses, faith based groups, and civic organizations, who devote time, talent, and resources to ensure that our students have an excellent educational experience.

At Edwardsburg Public Schools, we are committed to the success of every child, every day. As Nelson Mandela stated, "Education is the most powerful medicine which you can use to change the world." Education will be our medicine to successfully navigate the 2020-2021 school year! Together, we are #EddieStrong!

Members of the EHS National Honor Society look forward to Operation Christmas! This annual event, made possible by generous contributions from local businesses as well as high school classrooms, partners National Honor Society members with selected students from our community. These students are taken Christmas shopping for themselves and their families to provide extra support during the holiday season. Friendships are formed and amazing memories are made, as these high school students become role models for the younger children while helping families in our community.

The Jump-A-Thon is held yearly at the Intermediate School. This is a service learning program for elementary students that combines the physical activity of jumping rope while educating our students on heart-healthy habits. Money is raised to help other children through the American Heart Association. This valuable program teaches our students that they can set and achieve goals while making a difference in the lives of others!

JULY 2021

Edwardsburg High School students, in Ms. Jennifer Wyant's classroom, volunteered to become Pen Pals. They were given the opportunity to communicate with students from Rwanda. Letters were exchanged and packages were sent filled with goodies, including "Eddie" gear. This shared experience gave our students a bigger glimpse of the world and was coordinated with 2014 EPS graduate, Mari Grover, through the Peace Corps.

Edwardsburg Public Schools is required by state and federal laws to provide notice annually regarding the following:

Equal Educational Opportunity

The Board of Education does not discriminate on the basis of race, color, national origin, sex (including sexual orientation or transgender identity), disability, age, religion, height, weight, marital or family status, military status, ancestry, genetic information, or any other legally protected category, (collectively, "Protected Classes"), in its programs and activities, including employment opportunities. If any person believes that the Edwardsburg Public School District or any of the district's staff has inadequately applied the principles and/or regulations of Title II, Title VI, and Title VII of the Civil Rights Act of 1964, Title IX of the Education Amendment Act of 1972, Section 504 of the Rehabilitation Act of 1973, The Age Act and The Americans with Disabilities Act, s/he may bring forward a complaint to the district's Civil Rights Coordinator at Edwardsburg Public Schools, 69410 Section Street, Edwardsburg, Michigan 49112, (269-663-1048).

Compliance Officer

Any person who believes that s/he has been discriminated against on the basis of the aforementioned at school or a school activity should contact the School District's Compliance Officer at 69410 Section Street, Edwardsburg, MI 49112, (269-663-1048).

Grievance Procedures

If any person believes that the Edwardsburg Public Schools or any of the District's staff has inadequately applied the principles and/or regulations of (1) Title II, Title VI of the Civil Rights Act of 1964, and Title VII of the Civil Rights Act of 1964, (2) Title IX of the Education Amendment Act of 1972, (3) Section 504 of the Rehabilitation Act of 1973, (4) The Age Act, and (5) The Americans with Disabilities Act, s/he may bring forward a complaint, which shall be referred to as a grievance, to the District's Civil Rights Coordinator. The person who believes s/he has a valid basis for grievance shall discuss the grievance informally and on a verbal basis with the local Civil Rights Coordinator, who shall in turn investigate the complaint and reply with an answer to the complainant. S/He may initiate formal procedures according to the following steps:

Step 1

A written statement of the grievance signed by the complainant shall be submitted to the local Civil Rights Coordinator within five business days of receipt of answer to the informal complaint. The Coordinator shall further investigate the matters of grievance and reply in writing to the complainant within five business days.

Step 2

If the complainant wishes to appeal the decision of the local Civil Rights Coordinator, s/he may submit a signed statement or appeal to the Superintendent of Schools within five business days after receipt of the Coordinator's response. The Superintendent shall meet with all parties involved, formulate a conclusion, and respond in writing to the complainant within ten business days.

Step 3

If the complainant remains unsatisfied, s/he may appeal through a signed written statement to the Board of Education within five business days of his/her receipt of the Superintendent's response in step two. In an attempt to resolve the grievance, the Board of Education shall meet with the concerned parties and their representative within forty days of the receipt of such an appeal. A copy of the Board's disposition of the appeal shall be sent to each concerned party within ten business days of this meeting.

Step 4

If at this point the grievance has not been satisfactorily settled, further appeal may be made to the U.S.

Use of Pesticides

Pesticides are periodically applied to school property. Pesticides are usually applied during non-school hours. Parents/Guardians may request an Advisory Form from Christine Neff by calling 269-663-2900. The Advisory Form will provide prior information on any application of an insecticide, fungicide, or herbicide made to the school grounds or buildings during this school year. In certain emergencies, pesticides may be applied without prior notice to prevent injury to students. Advisory Form participants will be notified following any such application.

MSDS

(Material Safety Data Sheets) Under Section 313 Community Right-to-Know Act, Material Safety Data Sheets are available for your viewing in all school offices.

Student Records

In order to provide appropriate educational services and programming, the Board of Education must collect, retain, and use information about individual students. Simultaneously, the Board recognizes the need to safeguard student's privacy and restrict access to student's personally identifiable information. The Board is responsible for maintaining records of all students attending schools in this District. Only records mandated by the State or Federal government and/or necessary and relevant to the function of the School District or specifically permitted by this Board will be compiled by Board employees. The Board hereby authorizes collection of the following student records, in addition to the membership record required by law: observations and ratings of individual students by professional staff members acting within their sphere of competency; samples of student work; information obtained from professionally acceptable standard instruments of measurement such as: inventories and aptitude tests, vocational preference inventories, achievement tests, standardized intelligence tests; and authenticated information provided by a parent or eligible student concerning achievements and other school activities which the parent or student wants to make a part of the record; verified reports of serious or recurrent behavior patterns; rank in class and academic honors earned; psychological tests; attendance records; health records, and custodial arrangements.

Student records shall be available only to students and their parents, eligible students, and designated school officials, who have a legitimate educational interest in the information, or to other individuals or organizations as permitted by law. In situations in which a student has both a custodial and a non-custodial parent, both shall have access to the student's educational records unless stipulated otherwise by court order. In the case of eligible students, parents will be allowed access to the records without the student's consent, provided the student is considered a dependent under section 152 of the Internal Revenue Code. The Board authorizes the administration to: forward student records, including any suspension and expulsion action against the student, on request to a school or school district in which a student of this District seeks or intends to enroll upon condition that the student's parents be notified of the transfer, receive a copy of the record if desired, and have an opportunity for a hearing to challenge the content of the record; forward student records, including disciplinary records with respect to suspensions and expulsions, upon request to a public school or school district in which a student in foster care is enrolled. Such records shall be transferred within one (1) school day of the enrolling school's request; provide "personally-identifiable" information to appropriate parties, including parents of an eligible student, whose knowledge of the information is necessary to protect the health and safety of the student or other individuals if there is an articulable and significant threat to the health or safety of a student or other individuals, considering the totality of the circumstances; report a crime committed by a child with or without a disability to appropriate authorities and, with respect to reporting a crime committed by a student with a disability, to transmit copies of the student's special education records and disciplinary records including any suspension and expulsion action against the student to the authorities and school officials for their consideration; and request each person or party requesting access to a student's record to abide by the Federal regulations concerning the disclosure of information. The Board will comply with a legitimate request for access to a student's records within a reasonable period of time but not more than forty-five days after receiving the request or within a shorter period as may be applicable to students with disabilities. Upon the request of the viewer, a record shall be reproduced, unless said record is copyrighted, and the viewer may be charged a fee equivalent to the cost of handling and reproduction.

Department of Education, Office of Civil Rights, Plaza Nine Building, Room 300, 55 Erieview Plaza, Cleveland, Ohio 44114. Inquiries concerning the non-discriminatory policy may be directed to Director, Office for Civil Rights, Department of Education, Washington, D.C. 20201. The local Coordinator, on request, will provide a copy of the District's grievance procedure and investigate all complaints in accordance with this procedure. A copy of each of the Acts and the regulations, on which this notice is based, may be found in the Civil Rights Coordinator's office.

Drug-Free Schools

In accordance with Federal Law, the Board of Education prohibits the use, possession, concealment, or distribution of drugs by students on school grounds, in school or school-approved vehicles, or at any school-related event. Drugs include any alcoholic beverage, anabolic steroid, dangerous controlled substance as defined by State statute or substance that could be considered a "look-a-like" controlled substance. Compliance with this policy is mandatory for all students. Any student who violates this policy will be subject to disciplinary action, in accordance with due process and as specified in the student handbooks, up to and by which s/he receives help through programs and services available in the community. Students and their parents should contact the principal, counselor, or social worker whenever such help is needed. Please contact the building principal if you have any questions or concerns regarding this matter.

Bloodborne Pathogens

Guidelines have been established so that the District can comply with Federal regulations for protecting individuals against exposure to blood pathogens and other infectious materials which can cause Hepatitis B and/or HIV viruses. A plan has been designed to identify likely situations where staff members could be exposed, to describe how such situations can be minimized, and the ways in which exposure will be managed. Part of the federally mandated procedures include a requirement that the District request permission from the parents of the student who was bleeding to consent to be tested for HBV and HIV. This information would then be provided both to the exposed employee and the treating physician to determine proper medical treatment.

Free/Reduced Priced Meals

Edwardsburg Public Schools participates in the Federal School Meals program. Certain persons are eligible for free or reduced priced meals. The schools notify all families of the availability, eligibility requirements and application procedures for free and reduced meals by distributing an application to the family of each student enrolled in the school district. Additional applications may be obtained in any of the building offices.

Asbestos Information

In compliance with the 1989 U.S. Environmental Protection Agency (EPA) Asbestos Hazard Emergency Response Act (AHERA), we have performed inspections of each of our school buildings for asbestos containing materials. The inspection findings and asbestos management plans are on file in each school administrative office and in the office at Central Maintenance. The EPA requires us to perform re-inspections of the asbestos materials every three years. The three-year re-inspections were performed by an accredited asbestos inspector in July 2019. We performed the six-month periodic surveillance as required by AHERA regulations in July 2020. Asbestos materials in the District are in good condition and we will continue to manage them in place or remove as recommend and approved.

You may contact Tony Koontz at 269-663-1079 to answer any questions you may have about school asbestos in our buildings.

Directory Information

Each year the Superintendent shall provide public notice to students and their parents of its intent to make available, upon request, certain information known as "directory information": a student's name; address; telephone number; date and place of birth; major field of study; participation in officially recognized activities and sports; height and weight, if a member of an athletic team; dates of attendance; date of graduation; awards received; honor rolls; scholarships. Parents and eligible students may refuse to allow the District to disclose any or all such "directory information" upon written notification to the District within ten (10) days after receipt of the District's public notice.

Annual notices are subject to revision and generally updated after each school year. In light of the unique challenges posed by the outbreak of COVID-19 and the measures necessary to mitigate transmission of COVID-19 at school, as well as the expansive, recently-issued federal Title IX regulations, the rules and information provided in this calendar may be supplemented or amended by the District's administration at any time, consistent with applicable law, state or federal guidance, and board policy.

Only "directory information" regarding a student shall be released to any person or party, other than the student or his/her parent, without the written consent of the parent; or, if the student is an eligible student, the written consent of the student, except those persons or parties stipulated by the Board's policy and administrative guidelines and/or those specified in the law. The Board shall exempt from disclosure directory information, as requested for the purpose of surveys, marketing, or solicitation, unless the Board determines that the use is consistent with the educational mission of the Board and beneficial to the affected students. The Board may take steps to ensure that directory information disclosed shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitations. Before disclosing the directory information, the Board may require the requester to execute an affidavit stating that directory information provided shall not be used, rented, or sold for the purpose of surveys, marketing, or solicitation.
